Mr. Davidson has equipped the play with a generous complement of special scenery and electrical effects, and no detail has been overlooked to make it a realistic performance. The Air Line Limited crossing the famous Spider Web bridge in the distance and its later approach is a cleverly constructed piece of stagecraft, and gives a realism to the scene which calls forth unstinted applause from both pit and gallery. Much is heard nowadays about Clothes quality, and we have contributed our share toward the discussion—and, perhaps, a little more. There are so many reputable lines of Clothing nowadays that there is no excuse for a man getting the worst of it providing he uses common sense and does not try to get something for nothing. We know the quality of "Rosman Clothes." If we didn't, we wouldn't sell them nor ask you to buy them. But, knowing them as we do, we give an unqualified guaranty of quality. The materials are right and the fit can't be beat by anybody in the Clothing business.
